

January 24, 2019

Dear College and Community,

After a highly competitive process, I am pleased to announce that Dr. Melissa V. Moreno has been selected as SBCC's permanent Vice President of the School of Extended Learning.

Dr. Moreno has been with Santa Barbara City College for more than 10 years, beginning in 2008 when she began full-time at the college, founding the Scheinfeld Center for Entrepreneurship and Innovation. She continued as Director of the Center until July 2014, when she assumed the role of Dean of Educational Programs over Business Division programs, high school dual enrollment programs, the district's noncredit programs, and the Cosmetology Academy. Since June 2017, Dr. Moreno has been the Interim Vice President of the School of Extended Learning, which includes all the district's noncredit programs, fee-based programs, contract education, several off campus programs, and the Cosmetology Academy.

Through all of these positions, Melissa has demonstrated a tremendous capacity to serve students and our community in new and innovative ways. One team member summed it up well, "Melissa is totally focused on the needs of our students. No matter the situation, her first response is consistent, "How does it affect our students and/or how does this benefit our students?"" Melissa is a champion of student success.

Dr. Moreno holds a Juris Doctorate from the Colleges of Law, Santa Barbara, and a Bachelor's degree in Cultural Anthropology from the University of California, Santa Barbara.

Please congratulate Dr. Melissa V. Moreno as the permanent Vice President of the School of Extended Learning, a role she assumes effective February 1, 2019.

A handwritten signature in blue ink, which appears to read 'Anthony', is positioned below the text.
