

Transfer Success Action Plan
After you have completed 30 transferable semester units (Sophomore)

Continue working to complete the specific courses required for admission for the universities to which you will apply and your Associate Degree (if applicable).	
Research financial aid and scholarship requirements and availability.	
Schedule on-campus appointments with visiting university representatives or make a virtual connection.	
Visit the universities you're interested in applying to.	
Complete a variety of transferable exploratory courses in your area(s) of interest from IGETC and/or CSU GE.	
Declare your college major no later than the end of your second semester.	
Select at least 3 universities to which you will apply. Use the resources on the Transfer Center's Explore and Research Universities web page.	
Attend annual Transfer Day in November to meet with university representatives	
Meet with University Admissions Representatives in the Transfer Center.	
Participate in Virtual College Fairs through CollegeWeek Live and PrepTalk .	
Attend workshops sponsored by the Transfer Center, Career Center, and the Learning Resource Center (LRC).	
Participate in student clubs and organizations that match your interests.	
Volunteer or do an internship.	
Find out about Summer Programs related to your major (area of interest) offered by four-year universities and apply.	
Check your academic progress by using MAP	
Meet with a counselor to update your Academic Plan.
